Overview

The Aga Khan Academy Maputo is a private, non-profit, non-denominational, co-educational, day and residential school for students in Kindergarten–Grade 12, with residential life beginning from Grade 6. It is part of the Aga Khan Academies (AKA), an integrated, global network of day and residential schools in East Africa and South Asia. AKA is part of the Aga Khan Schools (AKS), an agency within the Aga Khan Development Network. AKS comprises a network of 200 schools, more than 100 non-formal education programme centres and eight hostels, serving almost 110,000 students from the age of 18 months to adulthood each year across 12 countries.

The aim of AKA is to influence progress in the Global South by educating students to become home-grown, ethical leaders who can support positive development in their communities. The Aga Khan Academy Maputo works towards this vision by providing world-class education for exceptional students irrespective of their cultural or socio-economic background.

Curriculum

The Aga Khan Academy Maputo is an IB World School, offering the Primary Years Programme, Middle Years Programme and Diploma Programme (DP). The Academies' programme additionally emphasises five cross-curricular themes known as the Aga Khan Curricular Strands: Ethics; Pluralism; Cultures; Governance and Civil Society; and Economics for Development. These themes provide a framework for developing students as ethical, pluralistic leaders who create positive change in their communities.

Graduation requirements

- 6 subjects: 3 at Higher Level (HL) and 3 at Standard Level (SL)
- Theory of knowledge (TOK)
- 4,000-word extended essay (EE) on a student-chosen topic
- Creativity, activity, service (CAS): Extensive participation in community-based service projects

Unique service internships

The Academy's summer internship programme is a unique, service-based learning initiative that supplements the CAS portfolio of the IB DP. In 2025, students partnered with Maputo Hospital's pediatric department to donate essential supplies and facilitate interactive teaching sessions for young patients. This meaningful engagement fostered empathy, leadership and community impact.
