

The Aga Khan Academy Mombasa  
An International Baccalaureate (IB) World School

# ACADEMY **PROFILE**

In March 2020, teachers and students pivoted to working and learning online, as schools in Kenya closed. The Academy adapted and students continued to learn in a supportive and engaging environment until January 2021 when we phased students back onto campus for face to face learning. The 2021 graduating class were able to complete their IB Examinations in person.

Student predicted grades have been generated using data from their performance in exams taken in DPI, summative assessments within the curriculum, and Internal Assessment predictions. The grades have been validated through comparison with CEM projections. The predicted grades given on transcripts are therefore based on work submitted by the students throughout the year through ongoing assessments and examinations. To maintain rigorous assessment students will complete examinations in November 2021 and a mock examination in February 2022.

If conditions allow, we anticipate students will sit for the IB examinations in May 2022.
