

12 October 2018

Dear Parents,

I hope your child/children are having a restful break after the first seven weeks of this Academic Year. I too hope that you had valuable discussions at the Parent-Teacher Conferences held last week. If there are any teachers you were unable to meet, or if you were unable to attend, please make an appointment with the relevant teachers as early as possible after the school re-opens. This meeting is important to inform you about your child's progress to date and to set goals for the rest of the Academic Year. Thank you for your feedback on the conferences; we will be considering your opinions and suggestions.

I attended the IB conference held in Vienna last week. The theme of the conference was *Shaping the Future*, and provided the opportunity for me to meet with other IB educators from Africa, Europe, the Middle East and other parts of the world. The speakers and presentations discussed many aspects of education, including the impact of technology; the challenges and opportunities for new learning for students and teachers in our modern world.

I was pleased to see many of you at the recent *Getting-to-Know You* afternoon tea on Monday 01 October, and look forward to more interactions with you, and for you as parents to meet informally with each other. Thank you for making time to attend.

In this regard, we cordially invite you to attend a workshop on this topic, from **8.00am to 9.30am on Friday 26 October 2018** in the Junior School library. For logistics planning please email the school office by Wednesday 24 October, at [rebecca.davis@agakhanacademies.org](mailto:rebecca.davis@agakhanacademies.org) to confirm your attendance. ### **Inter-House Sports Day – Friday 02 November 2018**

The annual Inter-House Sports Day will take place on Friday 02 November, from 8.15am to 12.00pm. The whole Junior School community looks forward to this event! Students should come to school dressed in their PE kit with their house colour t-shirt, and bring with them their water bottle, an extra drink and snacks. We cordially welcome you to attend, and as always, there will be parent events at the end for you to participate in. The school day will end at the normal time, 2.40pm.

### **Students Safety and Security**

To those it may concern, this is a kind reminder that students should be collected from school promptly at the end of the school day, by 3.00pm when there is no enrichment and by 4.00pm on enrichment days, unless your child is staying in school for an organised and supervised activity after which they should depart school. Two teachers are on duty for a limited time only after classes as they have meetings, lesson planning, or professional development thereafter, and cannot be available to supervise the students.

For the school, and you as parents, in being mindful of your child’s security, please also speak to your child/children about being aware about who is picking them up from school, if it is someone other than yourself or a trusted friend, driver or nanny. A student should not leave the school with a friend unless both the parents have agreed to this. Drivers should be made aware of this too, to avoid any such occurrences happening.
